

I HEARD THE VOICE OF JESUS

I heard the voice of Jesus sayin'
"Go march to me and pray
Take down my will be one lay down,
lie there upon my prayer".
I heard the voice of Jesus saying'
"Come on to me and rest
Lay down my weed be one lay down
Lie here upon my praise".
I kneeled to Jesus as I was
Bereaved and walked the stairs
I found in him a resting place
And here I'll stay 'n be glad
Take my whole upon you
Lay down on me
For my love is easy
And might burn on all life
Yes, it might burn on all life
Take my whole upon you
Lay down by me
For my love is easy
And might burn on all life
And it might burn on all life
I heard the voice of Jesus saying'
"Be all I breathe begin
The living voices that did die

Took down and breathed and lived".
I raised to Jesus and I found out
That all I need is breathe
I thought of him of how he died
And now I'm here in peace
I heard the voice of Jesus sayin'
"I am the salt of life
Look onto me, thy mourn shall rise
And all thy days deprived
I looked to Jesus and I found
Here in my soul his salt
And in the light long life I walked
Tear-tremblin' days all died
Take my whole upon you
Lay down by me
For my love is easy
And might burn on all life
And it might burn on all life
I heard the voice of Jesus sayin'
"Go march to me and pray
Take down my will be one lay down,
lie there upon my prayer".
I heard the voice of Jesus saying'
"Come on to me and rest" (4x)
